

10 Ways to Comply and Avoid Fines

Install roof drains

Contain stockpiles

Build settling basin for stormwater and wash water

Questions? Contact ADEQ's Business Assistance program at 501-682-0820.

Revised by the Public Outreach and Assistance Division September 2012

1. For new or renewal Industrial Stormwater General Permits, submit a Notice of Intent (NOI).
2. Prepare, submit and routinely update a Stormwater Pollution Prevention Plan (SWPPP) for your site.
3. Submit a No Exposure Exclusion Certification Form if eligible as outlined in the General Permit.
4. Keep a signed copy of your SWPPP on site and update it regularly.
5. Implement all parts of your SWPPP.
6. Properly train all involved contractors, employees and inspectors, etc.
7. Correctly install and maintain Best Management Practices (BMPs) for erosion and sediment control.
8. Perform timely inspections and correct problems.
9. Maintain records of all SWPPP activities.
10. Never discharge muddy water, sediment or other pollutants from the site.
